RE: APPRECIATION LETTER

Dear Michael,

Hi Michael and the team in Austria. This is Edward Kitur Director of Arbing School Kamobo and Father of Maxwell and Daisy. I am grateful for your continuous support for our children in Kenya. God Bless you all and those who have given their hand in this project. Pass our greetings to everyone. Schools have closed and the children are at home now assisting their parents in the farm. We do encourage them always to work hard in school.

Also I want to thank you on behalf of Arbing school Kamobo for your donation of a heifer cow to the school recently. We did receive the message with real heartfelt thanks. We will take care of the cow so that when it will grow a milking cow we shall get milk for the school. The milk will be used to cook tea for the teachers and subordinate staff. Thank you very much and I have send the picture of the cow. We shall be updating you of the progress of this cow.

Receive our thanks on behalf of Arbing School Kamobo.

Thanks and God bless you.

Edward Kitur Tuwei

Director Arbing School Kamobo
